Gentlemen:-

You undoubtedly know that we are the largest distributors of Anti-tarnish materials in the country. We always carry in stock the following shades in double and single faced Anti-tarnish in any quantity you might desire.

DOUBLE FACED	SINGLE FACED
Several shades of Maroon	Purple
" " " Green	Gold
" " " Grey	Grey
and also White	Green
	White
	Red

Of course, a house of our standing will always stand back of our merchandise and we feel so positive that you will be more than satisfied with our merchandise that if same does not meet with your approval, we shall be pleased to accept the return of same.

Most of the largest and best manufacturers throughout the country are trading through us on the Anti-tarnish cloth, and until we came into the market, from what we understand, they were paying from one to two cents a yard more for merchandise which they claim is not as heavy or nappy and does not have the perfect lustrous finish that our merchandise has, in other words, they have admitted that other Anti-tarnish fabrics do not compare with ours in quality, and ours is more reasonable in price.

Realizing as we do, that you use considerable quantities of this merchandise, we would appreciate your trying out a sample box at the exceptionally low price of 15½¢ to convince yourself of the above stated facts.

Thanking you in advance for any consideration you might show us and awaiting to serve you, we beg to remain

Yours very truly,

MBL/JR
